

THE 1948  
*Excalibur*

Along with Spring come the last days of school and, with it the sudden realization for seniors, that their lives as high school students are nearing an end. As the long-awaited day of graduation approaches, memories well up from the experiences of the past years and we find our seniors turning back for —

The circumference divided by the square root of the . . .  
Remember geometry ?

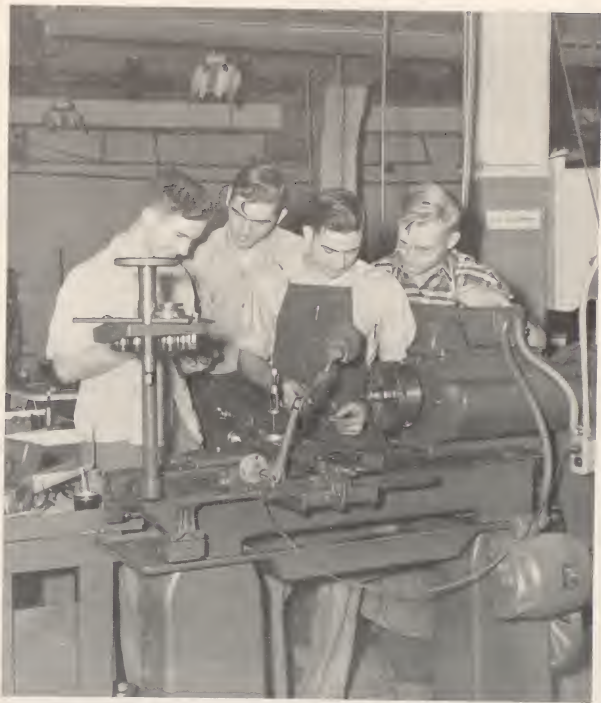

The Ship of History journeyed around that globe many times in World History Class. See the world without moving an inch became our by-word!

Physics, the World of Science, made clear in two  
easy semesters.

Clicking their way into that secretary's position is not as easy as it sounds but attention and concentration such as this leads to perfection.

Skilled hands direct these machines. Result: Production high, no man hours lost, the Future is formed. All done in Machine Shop.

Draftsmen, architects, designers all, shaping their

The final test - pleasing the public. . . . And they seemed to be pleased. But then, who wouldn't be with such perfection of cooking and service as exhibited by the home economics class ?

. . . No, they're not chatting - they're searching through the medium of discussion and research for the answer to the question they proposed. English, you see, stresses individual expression and free thinking.

The crops of America are safe as long as its soil is in their care. From the repairing of a fence post to the testing of a finished product, they know their work !

## Good-bye Mr. Eve and Mr. Erwin . . .

The problems of Mr. Eve and Mr. Erwin are manifold, but no matter how busy, they are seldom too occupied with their duties to see a student desiring access to their offices.

These two men combine a vast store of knowledge along with good common sense to settle the many academic and social problems which arise in the course of a school year. They respond with as equal readiness to student plans for a class trip as to a G. I.'s need for guidance in finishing his high school requirements.

Because of their ever willingness to extend a helping hand, there are no two school officials better loved by the student body of any school.

## Trustees

To this group we can well attribute the progressiveness of our school. Through the foresight, careful planning of these men, and their genuine interest in the welfare of the future citizens of Crown Point we can be proud to call Crown Point High School our Alma Mater.

(l. to r.) Lowell C. Held, Treasurer, Julius J. Griesel, Secretary; Walter A. McLean, President; Lee E. Eve, Superintendent.

## Office Staff

These industrious women are the backbone of our school of fice. A glance at the always accurate files, the well-kept desks, and the personages behind them, shows that our school of fice shines with efficiency.

Miss Blackstone and Mary Ellen Kretschmar.

# A Last Glimpse Of C.P.H.S. Citizens

Many are the memories of our school city - - its halls, its teachers, its students.

Remember the noise as you went downstairs to shop? - - - The clatter of the typing room? . . . The trips to the assemblies or to the art class? . . . The plans of athletic strategy explained to the non-playing students as well as the varsity?

Not to be forgotten, let us refresh our memories with a free tour down the traditional Olde School Hall . . . It is homeroom period now so let us pause to look in through the portholes and identify familiar faces.

Armed with equipment suitable for attack on the school "menu", the Class of '48 entered C. P. High rarin' to go, way back in the good ol' days of 1944. Quickly subdued by "Yesterday's Seniors", the '48er's got into the spirit of festivities by initiating the Frosh Hop, a huge success.

Several returning war vets joined the class in its Sophomore year, adding their knowledge of the world to their already aging classmates. The ordering of the '48 sweaters and rings was the big issue in that year.

In their third year the Junior Play and the Junior-Senior Prom shared the top events. These activities were financed by management of various athletic events, especially the Holiday Tourney.

In the "last round" of their school life they made good use of their dwindling time with the Little Five Hop, the Senior Play, and the annual Holiday Tourney. With a few gray hairs, they emerged triumphantly on Graduation Day fully equipped with the requirements necessary to contribute their best to their country and their fellow citizens.

## Sunshine Society

The Sunshine Society this year has taken many steps on the path that leads to their goal—helping others. Co-sponsored by Mrs. King and Miss Rickenbaugh during the first semester, the S.S.S. distributed fourteen Thanksgiving baskets to needy families in the community. At Christmas time the society collected books and games which they distributed at the Detention Home.

On January 10th the Society held a dance with the Hi-Y featuring Bud Isley's orchestra.

The S.S.S. held its initiation for the first time at an assembly. This ceremony was very impressive and served to illustrate the S.S.S. ideals and goals.

Upon Mrs. King's resignation from the staff, Miss Rickenbaugh competently assumed full sponsorship of the Sunshine Club, and watched the Society complete their first 1948 project: mailing Easter Seals for the Easter Seal Committee of our community.

Events such as the Rose Dance and the May Breakfast completed the Year's activities.

Crown Point High School has been, is, and always will be proud of such an organization for the girls as the Sunshine Society.

Sunshine Officers: G. H. and L. Deuchert, T. Swanson, S. Claussen, B. Stuhlin, A. Fritts.

Yes, Mrs. Thomas and Our Chorus deserve much credit, because not only have they won prestige for our school, but they have shown how important a factor is good music in our lives.

Another important part of our music department is the Band. Although it is his first year at C.P.H.S. Mr. Ewing has successfully directed two concerts: the Winter Concert on December 16th and a Spring Concert on April 2nd.

The Band also participated in the state solo and ensemble contest at Valparaiso on February 21st, and the State Band Contest at South Bend on April 17th.

The Band deserves a great deal of credit for helping in developing school spirit by playing at the home basketball and football games.

This year for the first time the band elected officers. Those elected were: Don Larson, President; Bill Frederick, Vice-President, and Sue Claussen, Secretary and Treasurer.

### The Girls' Athletic Association

The girls of the Girls' Athletic Association participate in two classifications of active sports - Major and Minor. The major sports are soccer, volleyball, basketball, baseball, and track; while the minor sports are tennis, swimming, hiking, bicycling, riding and many others. By participating in these sports and earning the proper amount of points a girl may attain her three awards: the shield, the minor letter, and the major letter.

Each year the club selects two girls as outstanding members. The qualifications for this honor are ability, good sportsmanship, leadership, and dependability. The outstanding members of 1947 were Betty Lowe and Dolores Eisenhutt.

To complete the year the girls sponsor the one main event of the year, the G.A.A. Carnival, which features everything from minuets to mass drills.

## Our Football Season

This year under the direction of Carl Carnahan, Crown Point enjoyed the first winning season for three years, winning seven games while losing only three. On August 15, sixty-five football prospects reported for practice with fifty-seven of this number competing on the varsity and reserve team. Coach Carnahan molded a twenty-two man varsity squad and schooled them in the fundamentals of blocking and tackling which were important factors in our successful season. Coach Ruby coached the reserve squad to six wins, one defeat, and one tie. For these splendid achievements, we the class of '43 say "thanks"
